Seven steps to Heaven

Lyrics by Cassandra Wilson

Seven steps to heaven, Lord
Help me climb that road
And steady but uneven, Lord
Help me climb that road
So unbelievably strong yet so ill at ease
We ascend as we please
And we'll be standing at those gates
Seven steps create

Evidence

*Lyrics by Madeline Eastman
with additional lyrics by Paul Kim*

That's all Monk's evidence...
Quick takes and brief fragments
That's all it takes, Monk's evidence
Short and sweet, it makes sense
That's all it takes, Monk's evidence

Hear his message, proof that Monk lives
Will not mess with nonsense
Just check it out, Monk's evidence

Some cats take a lot of notes to say
What they gotta say
Monk chose just the main events to play

As his evidence
Evidence, Evidence
And now when we hear the notes today
Makes a lot of sense

When fingers on keys play as they please
Playing on beat, playing off beat
Sometimes going somewhere,
Sometimes going nowhere
Get off your seat
Dance on your feet
Showing all Monk's evidence
When you write a hit, maybe just a little bit
Blowing up the dial
People listen in for a while
Everybody then plays it,
You know, but in another style
Monk's *evidence* defines the *Epistrophe*
Needn't you play around Midnight?
Straight with no chaser
These are melodies
Giving us a legendary light

Words do me wrong

Lyrics by Paul Kim

Inability to express myself when I'm around you
Words just do me wrong, even in song
And I pray that this
Hesitation leads to anticipation of my next text
Fate reluctantly gives me a key

To unlock the lyrics of my mind
I could phrase a stylish line
Cyrano de Bergerac would be a hack
In comparison to me

But I feel tense presently
And the prose flows not the way it should
What good if you refuse to be my muse?
That's when words just do me wrong

Like a whistle

Lyrics by Denine Monet

Your love is like a whistle
Whistle through the day
Whistle while I work
Whistle while I play

Your love is like a penny
Shiny on the ground
I will hold so dear
The luck that I have found

Your love is like a flower
Smiling in my hat
Greeting those I greet
Take a look at that

Your love gives each day timeless wings
Bringing joy to the simplest of things
Enriching, growing
Always showing
Your love is like a whistle

Chameleon

Lyrics by Lisa Stiller

If you have a color to shine
Why don't you show it, grow it?
If your shade is different than mine
Why don't you own it, tone it?
Lighten up the shading inside
Exterior cover aside
Colorize your black and white eyes
A tone of emotion, illuminate the night
See all the difference in the pigments of our minds
Live in the spectrum, realize
Show all perfection that we carry by design
Parallel people align
Boundaries sever, crashing never, see whatever

We are shining all together Chameleon
Sharing color

Early Riser

Lyrics by Anne Rørbæk and Katrine Rømhild

Solen står op over den nyfødte by
Fuglene falder frit fald og synger på ny
Lunt under dynerne ligger venner i ly
Du er den allerførste der ser dagen gry
Hey Early Riser, ro på, du
Tiden den blunder endnu
Solen star op over den nyfødte by
Du er den allerførste der ser dagen gry

Walking the summerfield in the mizzle of dawn
Up in the town above you the curtains are drawn
Coating the sleepers in a bedding of song
Birds tuning up their notes as you're walking
along
Hey early riser, take your time
Sunshine keeps coming your way
Hey, Early Riser

Consider me gone

Lyrics by Sting

You can't say that
There were rooms of forgiveness
In the house that we shared
But the space has been emptied
Of whatever was there
There were cupboards of patience
There were shelf loads of care
But whoever came calling
Found nobody there
After today, consider me gone

Roses have thorns and shining waters mud
The cancer lurks deep in the sweetest bud
Clouds and eclipses stain the moon and the sun
And history reeks of the wrongs we have done
After today, consider me gone

I've spent too many years at war with myself
The doctor has told me it's no good for my health
To search for perfection is all very well
But to look for heaven is to live here in hell
After today, consider me gone
